

Lesson on Typology and Prophecy

- Covid-19 was more than a disease. It is a genetically-modified lab virus.
- Johns Hopkins Center for Health Security in partnership with the World Economic Forum and the Bill and Melinda Gates Foundation hosted Event 201, a high-level pandemic exercise on October 18, 2019, in New York, NY.
- Event 201 simulates an outbreak of a novel zoonotic coronavirus transmitted from bats to pigs to people that eventually becomes efficiently transmissible from person to person, leading to a severe pandemic.
- The scenario ends at the 18-month point, with 65 million deaths. The pandemic is beginning to slow due to the decreasing number of susceptible people. The pandemic will continue at some rate until there is an effective vaccine or until 80-90 % of the global population has been exposed. From that point on, it is likely to be an endemic childhood disease.
- A severe pandemic, which becomes “Event 201,” requires reliable cooperation among several industries, national governments, and key international institutions.
- Covid-19 is about ‘training’ the population, ahead of time, to believe that only dependency on government can ‘save’ them...

World Economic Forum

- World Economic Forum is planning “to convince governments with the help of big businesses and big tech to bring about something deeply sinister called ‘The Great Reset’. It is a program designed to strip us all of our fundamental democratic rights in favour of a new form of society as dictated by the elites.”
- This promo is saying that all the very worst things in the world, from the coronavirus to bushfires to riots to pollution to poverty are somehow linked. Then it is claiming they can magically disappear. Literally at the push of a button and just like that, everything in the world is made right and pure again. The Great Reset

World Economic Forum

- 3 challenges in creating a coronavirus vaccine – and how they are being overcome:
 - Finding a vaccine that works. Across the world there are multiple teams working on various forms of vaccines, and the hope is that several will ultimately be approved.
 - Production at massive scale. Once an effective vaccine has been identified, it will need to be produced rapidly and on a massive scale. Industry needs to start preparing for manufacturing in parallel with research – long before clinical results become available.
 - Widespread distribution. Distribution is going to be another challenge, particularly when it comes to the last mile. A vaccine would need to reach all corners of the world in order to effectively tackle the virus.

World Economic Forum

- The topic for the 2021 Davos conference, which has been postponed from January to the summer, is "The Great Reset". In his July 2020 book COVID-19: The Great Reset, co-authored with Thierry Malleret, Schwab regards the virus as a providential pretext to remake the world and unleash a "fourth industrial revolution" that, as we have observed, will eliminate private property, restrict travel and establish a surveillance state in which everyone is chipped and monitored. The authors admit that COVID-19 is not "an existential threat" and that it is "one of the least deadly pandemics the world has experienced in the last 2000 years," but surreptitiously convert it into a pretext for unprecedented social and economic change. The lockdowns are a way of softening up the population to accept a global techno-fascist revolution presided over by a club of billionaires, their political adjutants and chosen "experts," and UN mandarins. Schwab's books make this clear.

World Economic Forum

- The Great Reset will remake the world – in Schwab’s words, “to create a more inclusive, resilient and sustainable world going forward,” all the platitudes neatly packed into one sentence. Private property deforms the natural relations between human beings and must be abolished. Private transportation will not be allowed. “Contrary content” in the printing or production of materials will not be permitted, at the cost of access to social media and Internet domains. Fossil fuels will be replaced wholesale by Green technologies. Home gardens will be outlawed. The Christian faith will be gradually suppressed (as is happening today). Vaccines will become mandatory.
- Society will become “cashless” and all standard monetary transactions replaced by digital currency and governed by electronic means, which can be cancelled by reigning authority at the slightest provocation. Debts will be forgiven and creditors will face the prospect of bankruptcy. The middle class and small entrepreneurs will be wiped out. Commerce will become progressively “contact-less.”

World Economic Forum

- The United States must be neutralized via social isolation, lockdown-induced poverty, and facemask conformity and passivity. Constant surveillance will be employed to ensure compliance. The human being will be “enhanced” through biosecurity, synthetic biology, implantable microchips, cortical modems, nanobots, genetic editing and designer babies. Everyone will be equal, everyone will be secure from the ravages of competition, risk and chance, and everyone will be happy – as they are today in the political template for the Great Reset, Communist China and its fascist business model!

World Economic Forum

- One recalls the Pope's 2014 message to Schwab urging "an openness to the transcendent" from which "a new political and business mentality can take shape, one capable of guiding all economic and financial activity within the horizon of an ethical approach which is truly humane... I ask you to ensure that humanity is served by wealth and not ruled by it."
- The World Economic Forum (WEF) has just published (October 2020) a so-called White Paper, entitled "Resetting the Future of Work Agenda – in a Post-Covid World". The 31-page document reads like a blueprint on how to "execute" – because an execution (or implementation) would be – "Covid-19 – The Great Reset" (July 2020), by Klaus Schwab, founder and CEO (since the foundation of the WEF in 1974) and his associate Thierry Malleret.

World Economic Forum

- The Great Reset also foresees, a credit scheme, whereby all personal debt would be “forgiven” – against handing over all personal assets to an administrative body or agency – could possibly be the IMF.
- Bill Gates, the Rockefellers, Kissinger et al, have never made a secret out of their strong opinion that the world is over-populated and that the number of people has to be literally reduced. We are dealing with eugenicists.
- A perfect method for reducing the world population, are Bill Gates initiated, and WHO-supported vaccination programs. Scandals of such disastrous vaccine programs resulting in children’s death were recorded in India (in the 1990s), Kenya (2014 and thereafter) and other parts of the world.

Governments Indebtedness Heightened By COVID-19 Pandemic

- **IMF:**To sustain the economy amid lockdowns and other disease-fighting measures, governments had to borrow and borrow big. The IMF said in its September 11 Fiscal Monitor report that fiscal expenditures prompted by the pandemic amounted globally to \$11.7 trillion. This figure—along with all the supplemental economic stimulus measures that are already in the pipeline—is forecast to push the total public worldwide debt to a record level of about 100% of the GDP, up from about 83.0% in 2019. This ratio, the IMF added, will stay with us until at least 2025.
- The only way to dig the world out of debt now appears to be: more debt. “High public debt levels are not the most immediate risk,” said the director of Fiscal Affairs Department at the IMF, Vitor Gaspar, during a recent press briefing: “The near-term priority is to avoid premature withdrawal of fiscal support. Support should persist at least into 2021 to sustain the recovery and to limit long-term scarring.” Emergency countermeasures—he said—must continue to be deployed to restore orderly financial market conditions and consumer spending, support health and education, provide a lifeline to millions of vulnerable individuals and prevent them from falling into poverty.

Hyper-Inflation Plan To Takeover Global Economy

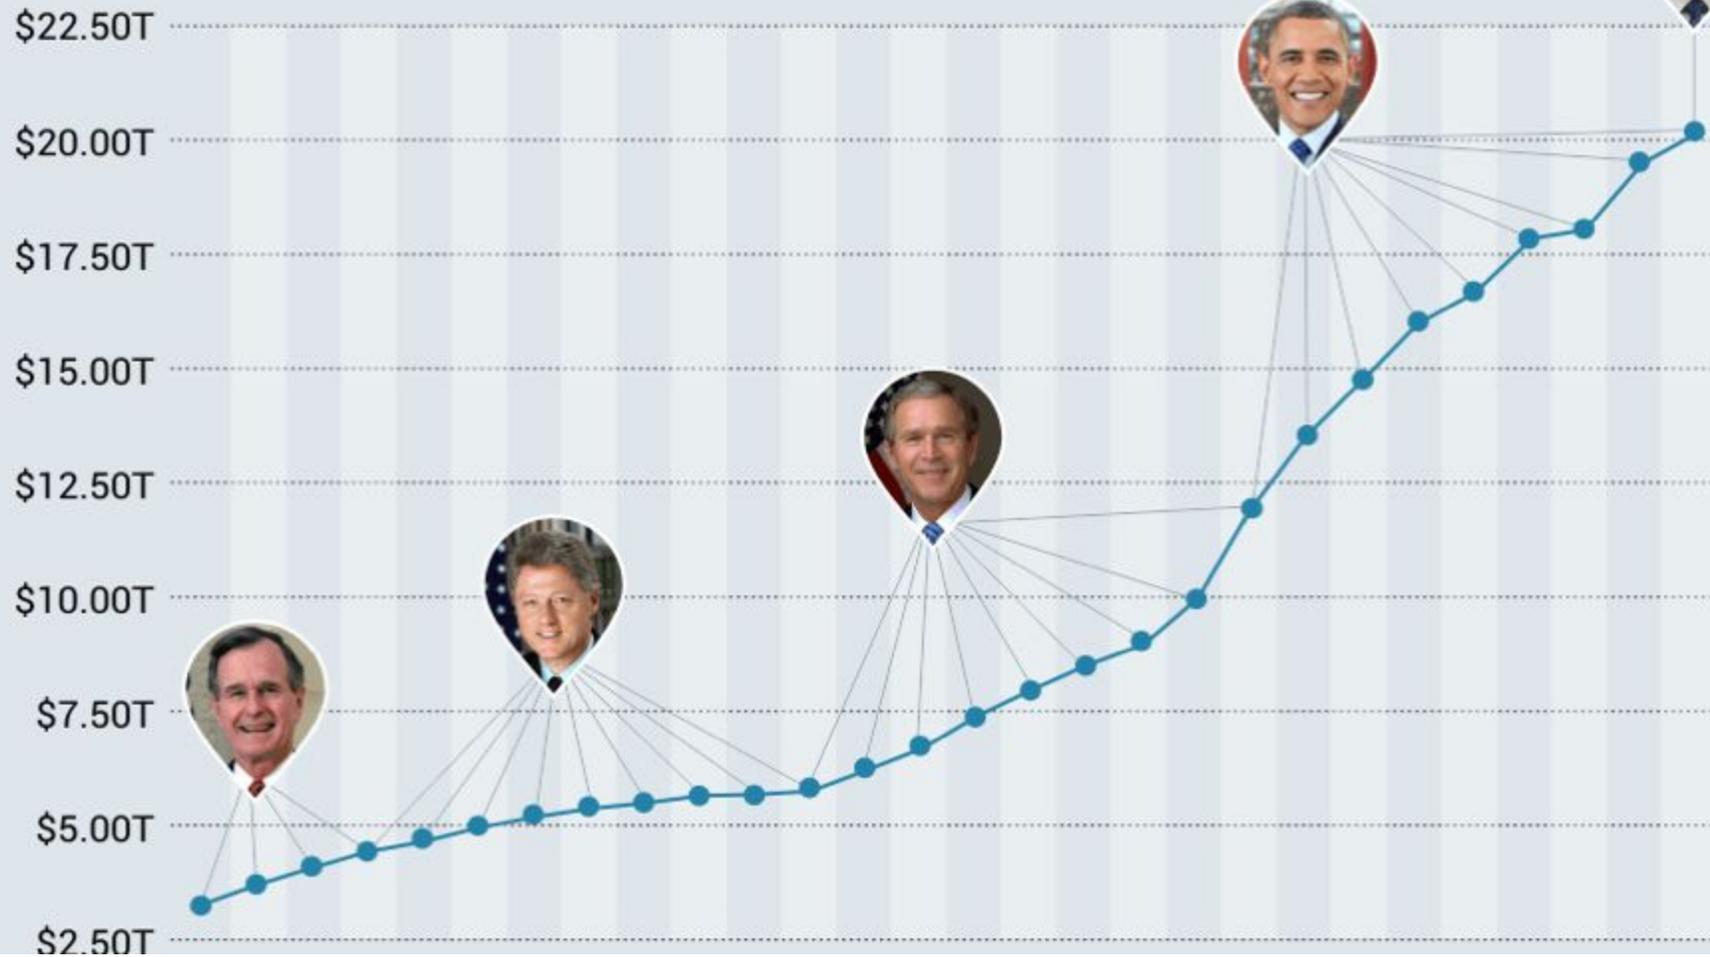

Hyper-Inflation Plan To Takeover Global Economy

- Create a debt bubble by an expansion of the currency base (print more money).
- To .keep the system from collapsing the increase in money supply must increase exponentially causing prices to rise but governments must manipulate the consumer price index.
- This manipulation leads to vertical spike in currency creation. To avoid the public that the currency is being destroyed, the velocity of money must be slowed down. This explains the reason for the lockdown by reason of the COVID. It cuts down economic activity to prevent price spike and governments can maintain an iluusion that there is strong economy while acquiring the economic means of production.

The Plan for Global Economy

- Governments start buying corporate debt because bond holders have priority in bankruptcy over equity holders. This is the economic transition for governments to seize and control means of production.
- Governments will be part owners of private corporations and the government can work with the private sector to call for mandatory vaccine (not the government but the private corporations held by the government.) How they force you is that airlines will, companies will require vaccination, etc. so no one will be able to buy or sell without the vaccine.
- As most of the economy will be slowed down, people will become desperate and some form of Universal Basic Income will be instituted. This will cause price increase and central banks will print more currency to keep the banks from collapsing. This will lead to hyper-inflation.

National Debt Increases

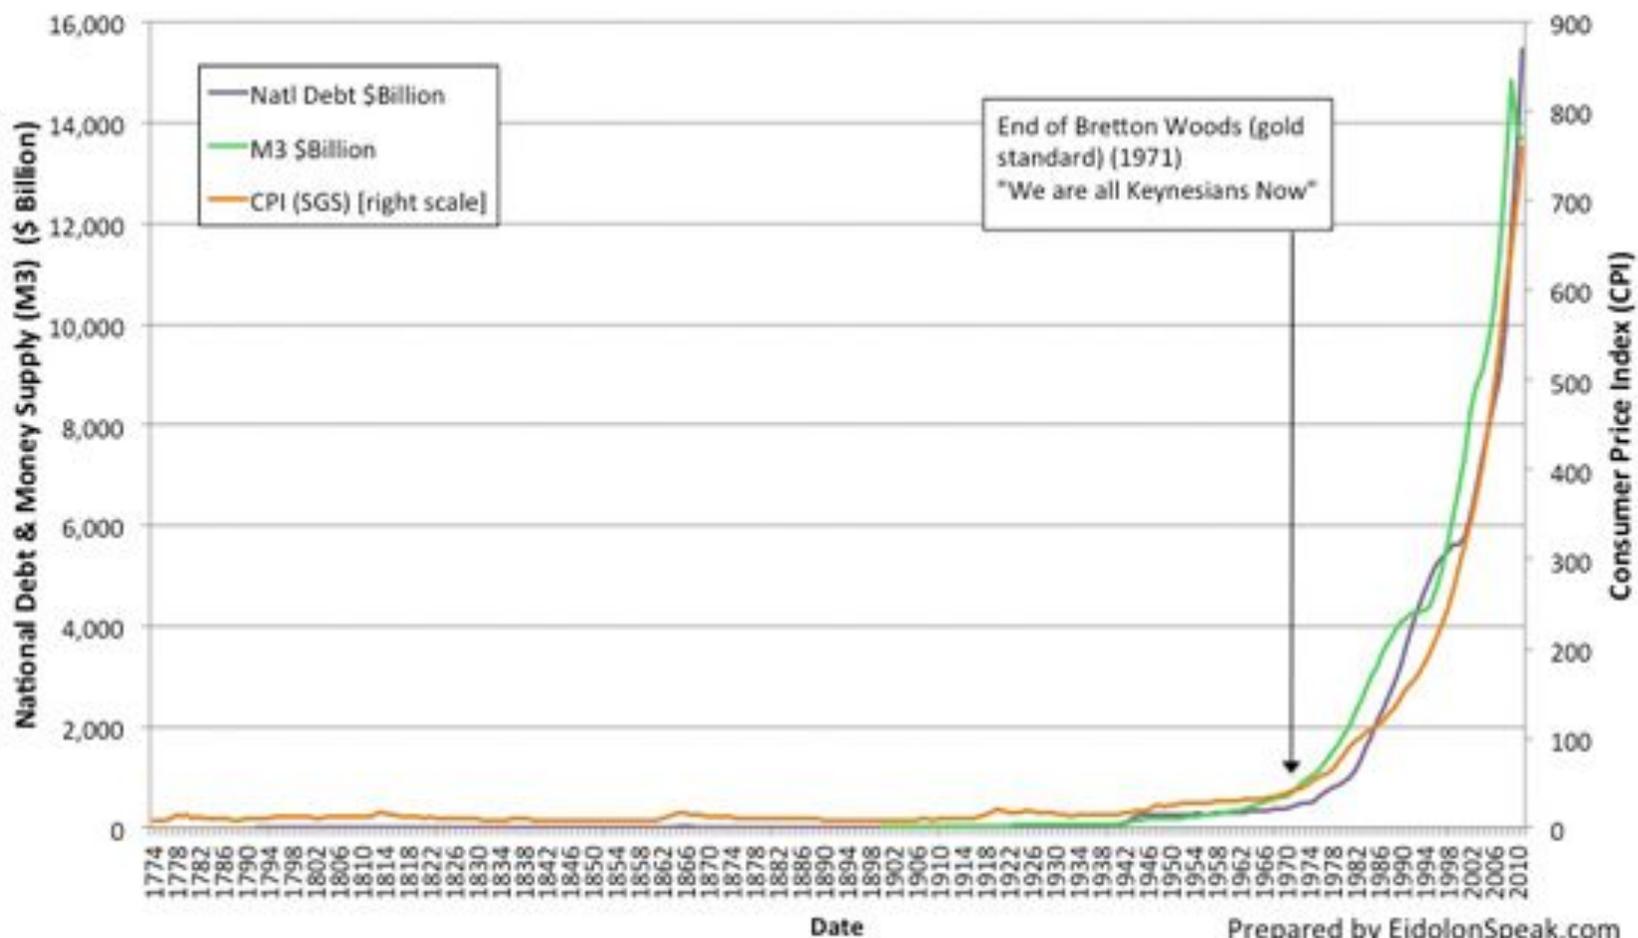

- As of January 2019, the total U.S. debt is \$ 22,130,730,987,999 And it's rising fast.
- As of August 31, 2020 federal debt held by the public was \$20.83 trillion and intragovernmental holdings were \$5.88 trillion, for a total national debt of \$26.70 trillion.

- WASHINGTON (Reuters) - Global debt surged to a record \$258 trillion in the first quarter of 2020 as economies around the world shut down to contain the coronavirus pandemic, and debt levels are continuing to rise, the Institute for International Finance said on Thursday in a report.
- The IIF (Institute of International Finance), which represents global banks and financial institutions, said the first-quarter debt-to-GDP ratio jumped by over 10 percentage points, the largest quarterly surge on record, to reach a record 331%.

Money Supply (US, Euroarea, Japan, China, Australia)

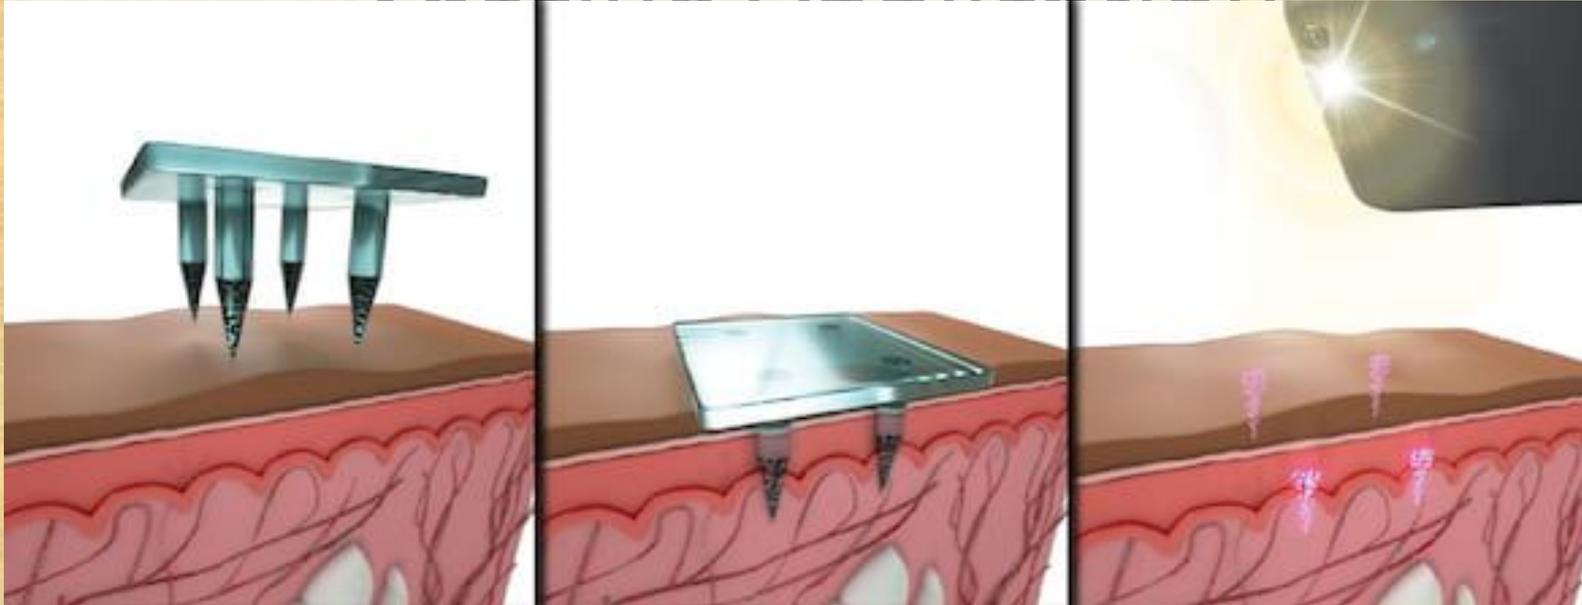

The Plan for Global Economy

- The monetary collapse will wipe out almost everyone financially. Hunger strikes upon the population and even resulting to death of a large amount of the population. In desperation, people will give absolute power to anybody with a solution. This will be the antichrist.
- By the COVID pandemic, the antichrist will create a financial crisis, control the people's reaction as they were trained under the protocols of the pandemic, then offer a solution. The solution may be a controlled digital currency (cryptocurrency) and buying and selling will require the Fourth Industrial Revolution Technology which is what the World Economic Forum is all about which will likely include a digital component through COVID vaccine or a subsequent one.

Rice University Develops Technology of Vaccine Application

A pattern of 1.5-millimeter microneedles that contain vaccine and fluorescent quantum dots tattoos are applied as a patch. The needles dissolve under the skin, leaving the encapsulated quantum dots. Their pattern can be read to identify the vaccine that was administered. The project was co-led by Rice University bioengineer Kevin McHugh during his time at MIT.

ID2020

- ID2020 is building a new global model for the design, funding, and implementation of digital ID solutions and technologies. There is no other multi-stakeholder effort focused on user-managed, **privacy-protecting**, and portable digital ID.
- For the one in seven people globally who lacks a means to prove their identity, digital ID offers access to vital social services and enables them to exercise their rights as citizens and voters and participate in the modern economy.
- But technology is evolving at a blinding pace and many of the transactions that require identification are today being conducted digitally. From e-passports to digital wallets, online banking to social media accounts, these new forms of digital ID allow us to travel, conduct business, access financial and health records, stay connected, and much more.
- Most of the current tools are archaic, insecure, lack appropriate privacy protections and commoditize our data. But that's about to change and ID2020 is leading the change.

The Third and Fourth Seal Judgments

The foregoing scenario seems to describe the 3rd and 4th seal judgments.

The Third and Fourth Seal Judgments

- Rev 6:5 And when he had opened the third seal, I heard the third beast say, Come and see. And I beheld, and lo a black horse; and he that sat on him had a pair of balances in his hand.
- Rev 6:6 And I heard a voice in the midst of the four beasts say, A measure of wheat for a penny, and three measures of barley for a penny; and see thou hurt not the oil and the wine.
- Rev 6:7 And when he had opened the fourth seal, I heard the voice of the fourth beast say, Come and see.
- Rev 6:8 And I looked, and behold a pale horse: and his name that sat on him was Death, and Hell followed with him. And power was given unto them over the fourth part of the earth, to kill with sword, and with hunger, and with death, and with the beasts of the earth.

Genesis 47:15-26

Example of how people respond when money fails.

Famine of 7 Years

- Gen 47:15 And when **money failed in the land** of Egypt, and in the land of Canaan, all the Egyptians came unto Joseph, and said, Give us bread: for why should we die in thy presence? for the money faileth.
- Gen 47:16 And Joseph said, Give your cattle; and I will give you for your cattle, if money fail.
- Gen 47:17 And they brought their cattle unto Joseph: and Joseph **gave them bread in exchange** for horses, and for the flocks, and for the cattle of the herds, and for the asses: and he **fed them with bread** for all their cattle for that year.
- Gen 47:18 When that year was ended, they came unto him the second year, and said unto him, We will not hide it from my lord, how that our money is spent; my lord also hath our herds of cattle; there is not ought left in the sight of my lord, **but our bodies, and our lands**:
- Gen 47:19 Wherefore shall we die before thine eyes, both we and our land? **buy us and our land for bread**, and we and our land will be servants unto Pharaoh: and **give us seed**, that we may live, and not die, that the land be not desolate.
- Gen 47:20 And Joseph bought all the land of Egypt for Pharaoh; for the **Egyptians sold every man his field, because the famine prevailed over them**: so the land became Pharaoh's.

Famine of 7 Years

- Gen 47:23 Then Joseph said unto the people, Behold, **I have bought you this day and your land for Pharaoh**: lo, here is seed for you, and ye shall sow the land.
- Gen 47:24 And it shall come to pass in the increase, that ye shall give the fifth part unto Pharaoh, and four parts shall be your own, for seed of the field, and for your food, and for them of your households, and for food for your little ones.
- Gen 47:25 And they said, Thou hast saved our lives: let us find grace in the sight of my lord, and **we will be Pharaoh's servants**.
- Gen 47:26 And Joseph made it a law over the land of Egypt unto this day, that Pharaoh should have the fifth part; except the land of the priests only, which became not Pharaoh's.

Bible Prophecy and Typology

- The 7-year famine is a type of the 7-year tribulation period.
- Joseph is a type of the Lord Jesus Christ as the Savior of the world (Gentiles [or Egyptians] and Jews).
- The narrative in Genesis also pictures the Gentile church raptured before the tribulation period by Joseph's marrying Asenath, a Gentile wife, before the 7-year famine.
- The narrative in Genesis also pictures how the nation Israel came to Joseph for food to be saved from hunger as it pictures the nation Israel saved in the midst of the 7-year tribulation period when they came to Jesus finally recognizing Him as their Messiah.
